BY ZOYA

Quietly
Exceptional

A person stands in silhouette in the center of a room, looking out through a large opening. The walls and floor are covered in thick, flowing, translucent fabric that creates a sense of movement and depth. A bright light source is visible through the opening, casting a warm, golden glow across the scene. The overall atmosphere is serene and contemplative.

Every Break of Dawn
Holds a Spectacle,

Some quiet, some exceptional,
and each worth its rise.

Élanora by Zoya

This is Élanora by Zoya, a collection of boutique residences where stillness of light and exceptional experiences collide in quiet harmony.

Situated in up and coming Dubai Industrial City, Élanora is that rare community where beauty and refined lifestyle is not only seen but felt.

A choir of light, space, and poise

Élanora is where three elemental notes come together in a single movement.

Light that composes the moment, space that honours movement, and poise that holds each detail with deliberate restraint. Together they form the quiet architecture of refined living.

Light

Edge to edge glass frames the day. Our façades and voids are designed to welcome natural light first, crafting interiors that change with the sun and always feel generous, calm and optimistic.

Space

Open-plan layouts allow rooms to breathe. Each residence prioritises usable volume, fluid transitions and considered sightlines so that living feels effortless and expansive without excess.

Poise

Fully furnished residences arrive resolved. Thoughtful finishes, elevated ceiling heights and solar-powered systems both elegant and practical.

Beyond the calm dunes,
brews an exceptional way of living.
